

Register your Playday 2009 event!

Register your Playday celebration via the Playday website to help us better support you. Free registration packs will be available for all registered Playday events and will include a number of Playday resources to get you started*. Further resources can be purchased at low prices via the new Playday web shop. For more details, go to <http://www.playday.org.uk>.

When you register, you may wish to publish your event details on the 'Events near you page' of the website to increase publicity. When you fill in the event details, think about what makes your event special - it's a good opportunity to 'sell' your event both to local media and event participants.

If you would rather not attract extra attention by publicising your event online, please do still register your event so that we can support you, and send you further event resources. In this case we will only share details of your event after contacting you for permission.

To register, go to the 'Playday events' section of the Playday website: <http://www.playday.org.uk>.

We look forward to hearing more about your Playday 2009 celebrations.

Best wishes
