

Free Training for Youth Workers

Young People and Money has been developed by the Financial Services Authority (FSA) in partnership with Citizens Advice and leading youth charity Fairbridge. Produced with young people in mind, specifically those not in education, employment or training (NEET), the programme aims to empower young people by improving their financial awareness and capability.

Sponsored by the FSA, **Young People and Money** is a free, one day training course that delivers financial capability training to those working with young people. The course is designed to improve their confidence by equipping them to better support their clients in becoming financially capable.

www.youngpeopleandmoney.co.uk

The Young People and Money training day includes:

-  Understanding the psychology of young people & money
-  Helping young people make the most of their money
-  Enabling young people to make informed choices
-  Skills to engage young people in financial matters
-  Helping young people to manage debt
